

Environmental Policy Statement

NRS Healthcare recognises that its operations have an effect on the local, regional and global environment. As a consequence of this, the management is committed to continual improvement in environmental performance and the prevention of pollution.

Environmental regulations, laws and codes of practice will be regarded as setting the minimum standards of environmental performance. We will comply with all applicable legal requirements and with other requirements to which we subscribe which relate to our environmental aspects.

The Company will continually improve its environmental performance by regularly setting and reviewing targets to support the achievement of the following environmental objectives:

- Reduce ICES Vehicle Carbon Footprint
- Increase recycled waste
- Reduce water footprint
- Scope out mechanism for collating energy use across the estate
- Maintain and expand ISO 14001 certified

The management system will be subject to regular review and update to ensure systems, procedures and policies reflect the company ethos.

The Senior Management of the organisation will provide the necessary resources to allow staff to perform their task and meet their objectives. NRS Healthcare will provide relevant training and supervision to ensure that all our employees understand and adhere to the Company's environmental requirements.

NRS Healthcare will communicate their Environmental Policy, both internally and externally to all interested parties and make it available to public.
